COURSE DESCRIPTION

START on Botolph Claydon to Calvert Road (Orchard Way) approx 1 mile west of Botolph Claydon opposite large lay-by. PROCEED west along unclassified road through Calvert to crossroads where left to Edgcott (M). In Edgcott turn left (M) along unclassified road signposted Quainton (Lawn Hill). Continue along rolling road where climb hill to re-enter Botolph Claydon. Turn left at top of hill (M) and continue past start point to complete lap - 10.8 miles. Repeat to complete almost one further lap (Disabled, Junior, Women and Veteran riders - 20.8 miles) or two further laps (Senior Male riders - 31.2 miles) to FINISH point in Orchard Way adjacent to picket fence at exit to Botolph Claydon village. All riders complete all 2 full laps, except Senior Men who complete almost 3 full laps. Please note that Marshals at changes of direction will indicate the route (Keep turning Left). There will be other observers and officials stationed around the course for your safety and assistance.

RACE ASSISTANCE

Due to the nature of the course - **NO FOLLOWING CARS WILL BE ALLOWED FOR ANY RIDER**

If you suffer any physical or mechanical problems please make contact with the nearest marshal or observer who will be able to arrange a lift back to the HQ for you.

In the event of an emergency, St John Ambulance assistance will be arranged.

RACE information (all the boring but important stuff) (Page 1 of 2)

Arrival & Parking

Parking is in the large field directly opposite the Race HQ and will be signposted. There will be a medium-sized tent available for use by riders for warming up on a turbo or whatever you need immediately inside the field entrance.

Signing On & Race Numbers

All of this will be inside the Race HQ in the rear room. Please ensure that you collect a yellow set of numbers if you are riding the Masters Event in the morning, or a white set of numbers if you are riding any of the other events in the afternoon. (Sorry, no beverages with returned numbers)

Machine Checks - IMPORTANT

Full details of compliance requirements are available at www.northbucksroadclub.org.uk, click on the link to BTTC 2009 and then the UCI regulations. The official machine check is at the lay-by immediately opposite the Start, so you **MUST** allow time for this check immediately before you take your place in the line to start. We have provided an additional check, with mechanics available, for any adjustments that may be required to ensure your bike complies. The check at the HQ is voluntary only and is for your peace of mind if you need any adjustments made. **Not applicable to Masters.**

Junior Gear Check

Junior rider's top gear must not exceed 7.93 metres. There will be a gear check at the Race HQ and also **IMMEDIATELY** after each Junior rider has finished.

Warm up route / Route to Course Start

PLEASE DO NOT WARM UP ON THE COURSE ONCE THE EVENT HAS STARTED.

IT IS VERY IMPORTANT THAT YOU ALLOW 15 - 20 MINUTES TO GET TO THE START and TO ALLOW FOR THE MANDATORY MACHINE CHECK PRIOR TO STARTING

To ensure that an excessive number of riders do not pass the Finish Timekeepers, please follow this **signposted route**. Left from Race HQ to East Claydon. Left along Sandhill Road signposted Steeple Claydon. At entrance to Sandhill, turn left signposted Middle Claydon. Continue through to T junction where turn left signposted Botolph Claydon. Continue past start to Botolph Claydon where follow road left back to Race HQ. 3.6 total miles to the Start, 4.8 total miles for one complete lap of the warm up route. Allow 15 to 20 minutes to get to the start and for your formal machine check.

Clothing

All riders must wear appropriately certified hard shell helmets, whether open or aerodynamic. Riders without appropriate headwear (ie aero non-safety lids, caps, or bare headed) will not be allowed to start. You must wear either your First Claim club's registered clothing or plain clothing. Trade tops / shorts will not be allowed unless that is your registered clothing.

Starting Procedure

Riders will be held and released at the Start, not pushed. The incline at the Start will assist.

RACE information (all the boring but important stuff) (Page 2 of 2)

Numbers

Please ensure that the rear body number is not folded and is clearly visible. The arm numbers must be in a forward facing position. If you can manage it, please clearly shout your number at the Finish.

After Finishing

Taking care not to obstruct other riders or other road users please return to the Race HQ along the warm up route.

Spectators / Parking

There are numerous places to spectate around the course. Please ensure that all associated with the race park sensibly and do not cause obstructions. Cycle in the opposite direction to the riders.

Toilets & Relief!

As well as the toilets at the Race HQ, there will be a male & female portable toilet at the Start. Please use them and not the hedge.

Following cars

Due to the nature of the course, following cars will not be permitted for any rider.

Safe riding

Please take care at all points on the course, and in particular ensure that **YOU DO NOT CROSS THE WHITE LINE WHERE THERE IS ONE, EXCEPT WHEN OVERTAKING OR PASSING PARKED CARS.**

There will be numerous observers stationed at key points around the course. Any rider observed riding in a dangerous manner or crossing the white line without good reason will be penalised.

Local Regulations and Risk Assessment

Riders must not perform a U Turn within sight of the Start or Finish Points.

Copies of the course Risk Assessment will be available on the day at the Race HQ

Eligibility for Awards

Any rider obtaining a placing in the Top 3 who is not a registered British National will not be entitled to receive an award under UCI regulations. They will however be eligible to receive CTT awards and their ride carried forward to any series championships. **Example.** British Nationals in First & Third place and non-British National in second. First, second, third eligible for CTT award, First, Third and Fourth receive Championship placing.

Shower Facilities

There are unfortunately NO shower facilities available at the Race HQ.

Fixed wheel machines

Fixed wheel machines will not be permitted for any category.
